It's time for our 19th Annual Dinner Auction on Saturday, May 11, 2019. See inside for more information. Past auctions have benefited the museum by generating Operating Funds. I am pleased to announce the Operating Fund is in good shape and this year all proceeds will go towards the Phase 2 building project. It is critical that we keep building and create more display space in a 13,000 sq. ft. + building on site. China Lake leadership supports our mission and our need to grow in the future.

A preliminary 3-D model of our proposed site and building layout is now located in the conference room at 130 E. Las Flores Ave. Stop by and check it out.

Dinner Auction and Information Sheet

Auction Objective: The proceeds of the 2019 Dinner Auction will be used for the 13,000 sq. ft. + Phase 2 building project.

Why a Phase 2 Museum: We are now in Ridgecrest but need more space to display the extensive museum collection from 75 years of research and development at China Lake.

Museum Vision: The new museum will serve as a historical resource, as well as a science and engineering educational resource for the community

How the Community can assist: CLMF membership, donations and participation in the Dinner Auction are visible indicators of the community support and provide leverage for gaining outside grant support.
